of Chichester Hospitals

Supporting St. Richard's Hospital and local mental health services

## **We are making a difference**

The Friends of Chichester Hospitals give support to St Richard's Hospital in Chichester and the local mental health services. The Friends are managed and run entirely by volunteers, but all our financial support in buying vital medical & surgical equipment and supplying comforts is dependent upon donations. They are crucial to the continued success of our charitable work.

## **In memoriam giving - the gift that helps make a difference**

On behalf of The Friends of Chichester Hospitals, please accept our sincere condolences if you have recently lost a family member or a friend. The Friends are extremely grateful to people who think of us at such a difficult time.

You may wish to give a donation to celebrate the life of a loved one, in place of flowers at a funeral; ensuring a lasting tribute, while helping our vital work.

Most funeral directors will organise a collection for you, as part of their service, and forward donations to us. We write to next of kin to acknowledge the donation. Alternatively, you may wish to ask relatives or friends to make a donation directly. We again acknowledge individual receipts and advise the next of kin of the names of donors and the amount received in total. Either way, we are extremely grateful to all who have paid tribute in this generous manner.

All donations will be used to buy vital medical or surgical equipment and to supply 'comforts' to patients, staff and visitors.

Whatever you decide, we would be pleased to assist and advise you. Please feel free to contact us.
